

My dream school

Li Yunfan, Kevin (2D)

In my dream school, there are eight floors.

There is an ice cream bar. The ice cream bar is on the ground floor. I can eat ice cream there.

There is a pizza room. The pizza room is on the first floor. I can eat pizzas there.

There is a playroom. The playroom is on the second floor. I can play toys there.

I like my dream school so much!
