Yesterday was my birthday. And it went great!

On my birthday, my dad, mum, sister and I went to Ocean Park to celebrate my 11<sup>th</sup> birthday. First, we went to see some sea animals, such as penguins, dolphins, starfish and colorful fish. They were so pretty! Then, we went to a restaurant near Ocean Park. For starters, we had vegetable soup and eggs. For the main courses, we had grilled steak and fried fish. For the desserts, we had a vanilla sundae and drank fruit juice. It was delicious!

In the past, we went to Ocean Park once a year, and it hasn't changed. I'm happy that I got to go there yesterday!
