

Classroom Cleaning Day

Tsui Ching To, Twinkle(3A)

On Monday, we join a school event. It is Classroom Cleaning Day. It starts at ten o'clock and finishes at eleven o'clock in the morning. My classmates and I feel excited.

Then, we clean up the classroom. I clean the desk. Sally sweeps the floor. May wipes the blackboard. We are happy. Suddenly, a bee flies in the classroom.

We are scared of the bee. We run out of the classroom and stay in the corridor for a long time.

Finally, we come back to the classroom. The bee is gone. We continue to clean the classroom. We are hardworking.
