

My favourite hobby

My favourite hobby is swimming. Let me tell you about it. I always go swimming on Saturdays. I do it in the swimming pool.

I like to play with Jack in my free time. He likes swimming too! He often goes to the swimming pool, so I often go with him.

I like swimming because it is fun and it can keep me strong. When I go swimming, I feel happy. It is relaxing and enjoyable, so I like it.
