

## At the supermarket

Cheng Wan Nik, Nick (3A)

Sally is at the supermarket. She wants to buy three packets of potato chips, two cans of cola and a box of eggs. It is because tomorrow is the school picnic. Sally feels happy and excited.

After that, Sally puts the things in the trolley and pays at the cashier. Sally asks, 'How much are they?' The staff replies, 'They are forty-five dollars in total.' Sally pays for the goods and leaves. Suddenly, she drops her bag and breaks the eggs. She feels sad and surprised.

Luckily, she sees her mum, so she shouts, 'Mum, help me please!' Then, her mum goes to help Sally. Her mum gives Sally a box of eggs. Sally says, 'Thank you.' In the end, Sally feels happy and lucky.
