

My brave dog

Li Yin Lam, Lucas (5D)

Believe it or not, even a small dog can do a great job!

Yesterday morning, I walked my dog in the park. When I was walking, my dog had a dump. So I put on my gloves and laid a piece of newspaper on the ground. When I was throwing out the newspaper, I saw a strange man pointing a knife at a woman. She was scared and said in a trembling voice, 'Don't hurt me! I'll give you all my jewels!'

I was shocked. I grabbed my phone and called the police, but my phone ran out of battery midway through my call! My dog was barking when the thief ran away. My dog chased him and kept barking. The thief did not pay attention on the path. He tripped over a rock and his head smashed onto the ground!

When I got there, his head was gushing blood. The woman took her purse back and called the police. When the police were checking the thief's head, the ambulance arrived. They finally took him to the hospital and arrested him.

When the woman found me, I was on my way home. She said 'thank you' to me gratefully. I felt pleased that we helped the woman and stopped a crime.
